

CLOSED - Cloud Security Architect

THE POSITION IS CLOSED AND DO NOT ACCEPT APPLICATIONS NO LONGER

We are looking for a Senior Cloud Security Architect specializing in Cloud Security Operations to work within the Global Information Security organisation.

Novo Nordisk Global IT consists of more than 400 highly skilled IT professionals responsible for all major IT projects, systems, infrastructure and operations in Novo Nordisk. The global IT landscape in Novo Nordisk covers more than 40.000 clients worldwide, with major business processes covered by corporate systems based on SAP, Siebel, Microsoft and Oracle.

Responsibilities:

- Developing Cloud Security Operations strategy and working with business units to assess needed configurations and provide support for cloud initiatives including data analytics, IaaS, PaaS, FaaS, and CI / CD infrastructure.
- Troubleshooting technical issues that may arise.
- Monitoring, analysis, and comprehension of reporting data is essential.
- Configuration, operations, and maintenance of various cloud security tooling.
- Monitoring tooling and logs for malicious events, conduct investigations, and incident response actions.

Qualifications:

- Implementation and operations experience with native cloud security tools in AWS and Azure and third-party tooling like CASB and Prisma Cloud.
- Deep understanding of technical capabilities of various cloud services and the best practices needed to protect them.
- Ability to architect cloud solutions and services according to business requirements while maintaining security posture of overall cloud infrastructure.
- Bachelor or master's degree in engineering, cyber security, or computer related fields.
- Relevant cloud and security certifications are a plus that deal with cloud architecture, cloud security and general security topics.
- Fluency in written and spoken English.

About the department

The Global Information Security organisation is mandated to secure Novo Nordisk IT landscape. You will be employed in Global Security Operations that consists of teams in Denmark, USA and India. The activity level is high, and many major initiatives and projects are ongoing, making this an exciting place to work.

Working at Novo Nordisk

At Novo Nordisk, we strive for excellence. As a world leader in diabetes care and a major player in haemostasis management, growth hormone therapy and hormone replacement therapy, we offer our employees opportunities for continuous growth.
